Saturday, June 3
Midtown, Houston

Frequently asked questions

What is a Volunteer Delivery Team?

A Volunteer Delivery Team is a driver over the age of 18 and anyone they choose to bring along to help. Helpers can be any age. Only the adult driver needs to fill out the registration form.

When should I show up?

When you register you will have the opportunity to choose your pickup window from the options available on the morning of June 3rd. Please be careful to show up during the time frame you signed up for so that we can keep a steady traffic flow.

How much space do I need in my car?

Delivery teams should have space in their vehicles for 25 large shoeboxes. This space can be in the trunk, the backseat, or the bed of a pick-up truck, weather permitting. Please keep this in mind as you assemble your delivery team.

When do I deliver the meals?

Deliveries must be completed on Saturday, June 3rd immediately after picking up meals from the Meals on Wheels location in Midtown. Our staff will be at the Midtown location until 1 PM to receive completed paperwork and any meals that were not delivered for any reason.

Can I take photos while I am delivering?

Please only take photos with the client's permission. We ask that photos do not include any faces or identifying information for the privacy of our seniors. Photos of hands as the meal is being handed over are a wonderful way to capture the moment while maintaining everyone's privacy. Please send us your photos at opimpact@imgh.org
